Our Beliefs & Mission

In Delaware, 1 in 30 children experience homelessness each year. Too many kids don't know where they will lay their head at night – and too many families are at risk of being split up just to get into a shelter.

Our mission is to prevent and end homelessness for families by engaging volunteers, donors, and the faith community. We envision a community in which every family has a home, a livelihood, and the resources for lasting independence. We believe in working with our community to end family homelessness - a challenge faced by our community requires a community solution
