

When families lose their homes, they shouldn't have to lose each other. Family Promise® NNCC keeps families together when they experience homelessness — and helps them quickly move back into their own housing.

Each year, 1 in 30 children in Delaware experience homelessness. These are families like April's, pictured here. April is a single mother of four children. She's always done everything in her power to make sure her children are taken care and have everything they need. She's worked, maintained a household, and all around has done everything right. April and her family were doing perfectly fine, until a tragic event occurred.

April is the unfortunate victim of domestic violence. As if the abuse wasn't already severe enough on its own, it eventually induced a stroke in April, causing her to be hospitalized. During this time, April lost her job, her housing, and what she cared most about - her children. Once she came to Family Promise, we helped her get back on track, get her kids back, and quickly secure housing. April, now lives in a safe, secure home with all of her children.

April is a survivor, and thanks to you, we were able to provide her a safe haven as she got her children back and secured permanent housing. You make this possible. The food and the hospitality provided by volunteers ensured April and her children never went hungry, and never got discouraged. The resources provided donors ensured we had the funding to actually help April secure and move into her housing. Together, we're making a difference for families.

Providing Hope in the Middle of a Pandemic

At the onset of the pandemic, the State began quickly placing families experiencing homelessness into hotels. The State undertook this effort to ensure many families experiencing homelessness were sheltered, and to assist in minimizing the spread of COVID19 among the State's most vulnerable populations. The State reached out and requested our help to assist families secure housing.

Family Promise is the primary partner, and provider of case management services and homelessness assistance resources for families in New Castle County, currently sheltering in motel/hotel units. **Thanks to our joint efforts, the program has permanently housed 156 families to date!**

About Family Promise® of Northern New Castle County

Family Promise prevents and end homelessness for families by engaging faith-based congregations, volunteers, and donors. We keep families together, serving moms, dads, and children of all ages, and families of all sizes. We envision a community in which every family has a home, a livelihood, and the resources for lasting independence.
